These WEEKEND SOCIAL DANCES – What are they?

These Weekend Social Dances are an opportunity for the dances from all our classes to get together on the dance floor and try out what they have learned. All the dances are walked through for a couple of sequences to remind everyone of the steps (not a thorough teach though). Dance choreography from all the levels of class are done, though there are less of the higher level than the lower level. Dancers are encouraged to get up and try a level above what they are learning to explore their suitability for advancing.

The choice of the dance programme is made based on requests taken on the day from the attendees, and changes from month to month.

There are tables and chairs for everyone to sit at and enjoy the spectacle when they are not dancing. You are encouraged to bring yourself a mug/cup for the free tea and coffee provided, and any nibbles you might like to share with your table mates. Though there is a bar there, there is no alcohol available, but soft drinks and nibbles are available at the venue at reasonable prices.

Some music will have multiple dances being done to them, usually one hard and one easy. When that happens, there will be one group at the back and another at the front, with a small gap between. Usually there will be a second instructor to assist the back group while the larger front group is being walked through from the stage/front of the hall.

ONLINE INTERACTIVE CLASSES

Online Experienced level (Mainstream) classes are available on Zoom for a monthly fee. Please contact the office for details if interested. Terminology experience is required.

Visit EGYPT/JORDAN/TURKEY 2026

We are putting the next overseas holiday plan together to visit these countries in early 2026. If you are interested in joining us, contact the office for details. Itinerary and cost is not yet set, so you can contribute to the planning phase should you want to. It will be a travel trip, not a line dance trip, however we may visit a local class in Turkey if it fits in.
